Entry Level Project Designer

Urban Arena is a multi-disciplinary firm on the cutting edge of Landscape Architecture, Planning and Architectural design. UA has offices located in Costa Mesa and San Diego both staffed with a diverse group of professionals working on an exciting range of projects from Urban Villages, Retail & Entertainment Centers, Model Homes, Master-Planned Residential Communities, Community Parks, High-Density Housing and Sports Complexes.

We are immediately seeking an entry level Project Designer for our San Diego office with an emphasis on 3D graphics. Desired qualifications include a Bachelor’s Degree in Landscape Architecture or a related field of study. Ideal candidate should possess complete working knowledge of AutoCAD, Photoshop, Illustrator, Sketch-Up or other 3D software, and all Microsoft Office programs.

Knowledge of additional programs such as Land F/X, Revit, Archicad, and 3D Max.

Job experience in a Landscape Architect’s office a plus but not required.

Please email cover letter, resume, and portfolio to: katie@urbanarena.com
Include “Project Designer” in the Subject line.

Urban Arena, LLC

OPEN POSITION

Urban Arena is a multi-disciplinary firm on the cutting edge of Landscape Architecture, Planning and Architectural design. Urban Arena has offices located in Costa Mesa and San Diego, both staffed with a diverse group of professionals working on an exciting range of projects including Mixed-Use Villages, Retail & Entertainment Centers, Model Homes, Master-Planned Residential Communities, Community Parks, High-Density Housing and Sports Complexes.

We are immediately seeking a Landscape Architectural Project Manager for our San Diego office.

Desired qualifications include a Master's or Bachelor's Degree in Landscape Architecture or a related field of study. Ideal candidate should have 5-10 years' experience and possess complete working knowledge of AutoCAD, Photoshop, Illustrator, and all Microsoft Office programs. Knowledge of additional programs such as Land F/X, Revit, Archicad, and Sketch-Up a plus.

JOB TITLE – PROJECT MANAGER

Job Description:

As a Project Manager, you should possess the skills in Landscape Architecture necessary to coordinate/manage projects from conceptual design through construction documentation and administration. Project managers are expected to exhibit superior design, planning and communication skills with all levels of staff and clientele. Superior knowledge of southern California and drought tolerant plant materials and planting design is a plus.

Additional responsibilities include:

- meeting with clients and municipalities for project review and approval
- meetings with staff/team members for project scheduling; direction and project clarification
- cost estimates (project level)
- man-power scheduling (project level)
- mentoring landscape designers, draftspersons

As a Project Manager, a thorough working knowledge in all aspects of Landscape Architecture design is key - as the most integral element of Project Management is instructing staff members in all aspects of construction, planting, irrigation, details, and specifications.

Most importantly, Project Managers must be enthusiastic leaders and lead by example-where by exhibiting good business practices including ethics, timeliness, cleanliness and diligence.

Please email cover letter, resume, and portfolio to: katie@urbanarena.com. Include "Project Manager" in the Subject line.

Title - Position

Senior Urban Designer/Planner

Location

San Diego

Description

MIG is seeking a multi-talented mid-level urban designer and planner in our San Diego, CA office. The selected candidate will work with a team of urban designers, landscape architects and planners to design streetscapes and other livable environments for both public and private sector clients. The candidate should be able to critically think of ways to create transformative spaces, as well as write design guidelines for streets and adjoining built form.

The ideal candidate will have a bachelor's or master's degree in urban design, landscape architecture or architecture, and six or more years of experience in the discipline. The candidate must have strong graphic skills, work as an enthusiastic team member, and have the ability to speak in front of groups. The candidate must also have an interest in a range of projects, such as streets and corridors, form based codes, downtown plans, and transit-oriented development. Desired computer skills include AutoCAD, SketchUp, Illustrator, Photoshop, InDesign, Word, Excel, GIS, and PowerPoint. Writing skills are also a plus, as are bilingual capabilities.

Duties

Working with the team in designing and implementing public involvement and outreach strategies consistent with the MIG approach.

- Conducting planning research and assist team with analyses.
- Preparing support materials for meetings.
- Attending community meetings.
- Providing support in marketing and business development efforts.

Qualifications

- Bachelor's or master's degree in urban design, landscape architecture or architecture.
- Six or more years related work experience.
- Strong project management experience.
- Experience with public and private sector organizations.
- Strong graphic skills.
- Ability to work with diverse groups of people.
- Ability to speak in front of groups.
- Ability to think critically, communicate effectively and produce high quality work.
- Ability to work as part of a team.
- Writing skills a plus.
- Bilingual a plus.

Salary range will be commensurate with experience. MIG provides a comprehensive benefits program and is an equal opportunity employer.

Please send your resume with references and a descriptive cover letter to:

Email: sdresumes@migcom.com

Please note for which office you are applying, or if location is flexible.

Applicants should go to the MIG website for full job listing: <http://www.migcom.com/jobs/view/71>
